NEW PRESIDENT OF BLACK & DECKER CO.

Alonzo G. Decker

The Board of Directors of The Black & Decker Mfg. Co., Towson, Md., announced Tuesday, May 1st that Mr. Alonzo G. Decker, a co-founder of the company, had been elected President to succeed Mr. S. Duncan Black who died April 15.

Mr. Decker, 67, has been Vice President and General Manager of the portable electric tool firm since he and Mr. Black started the company in 1910. He has devoted his efforts to the design and manufacturing phases of the business since its inception. He had much to do with developing the first "universal" motor to be used in a portable electric tool. This innovation permitted the tool to be plugged into any type of power line and opened up the application of portable electric tools to broad industrial use.

Mr. Decker went to work at the age of 15 in a brass foundry as an apprentice moulder. He later worked in a pattern shop and finally in the shop of the National Composotype Company. Here he advanced to the engineering department and later installed type casting machines throughout the U. S. as well as in England. In 1906 he joined the engineering department of the Rowland Telegraphic Company, manufacturers of multiplex printing telegraph apparatus, a forerunner of the modern teletype machine. It was here that he met his future partner S. Duncan Black, and four years later the two men went into business together making special machinery to order. Today The Black & Decker Mfg. Co. is the world's largest maker of portable electric tools, employing 4,000 people in a world-wide organization.

At the same Board of Directors meeting that elected Mr. Decker it was announced that Mr. Robert D. Black had been advanced to Vice President from Vice President in Charge of Sales, and that Mr. Glen H. Treslar, Vice President & Sales Manager, had been elected to take over Mr. Black's former position.

Seminary Announces 68th Commencement Exercises

The Sixty-eighth Annual Commencement of the Westminster Theological Seminary will be observed May 21 and 22 with traditional and appropriate ceremonies.

The series of commencement events will be opened by the baccalaureate service which will be held in Baker Chapel at Western Maryland College on Monday, May 21, at 7:45 P. M. The sermon will be delivered by President Lester A. Welliver, D.D., LL.D., and the music will be furnished by the Seminary Singers under the direction of Professor J. Edward Moyer, B.S., Mus.M. Following the baccalaureate service, an informal reception will be held at the home of President and Mrs. Welliver.

The commencement day exercises will open with a meeting of the Alumni of the Seminary under the direction of the Reverend Elmer Hassell of Franklin, Virginia, President of the Alumni Association. Following the election of officers and incidental business, the traditional ceremony of induction for the graduating class will be held and the "old grads" will be recognized. This year the classes of 1901-1906-1911-1916-1921-1926-1931-1936-1941-1946 will be given special recognition and advance information indicates that many of the reunion classes will be well represented.

The Alumni meeting will also complete plans for participation in the Diamond Jubilee Development of the Seminary. Details of the plan of participation will be worked out by the Executive Committee and the promotion will begin early in the summer.

The annual Senior-Alumni banquet will be held at 12:00 noon (Eastern Daylight Time) at St. Paul's Evangelical Reformed Church, Bond and Green Streets, Westminster. Allyn Welliver, a member of the Senior Class, will preside as toastmaster; President Lester Welliver will bring greetings; and Professor Earl Furgeson, Ph.D., will give the charge to the graduating class.

The feature speaker of the occasion will be the Reverend Albert P. Shirkey, D.D., Pastor of Mount Vernon Place Methodist Church of Washington, D. C. Doctor Shirkey is widely known throughout The Methodist Church, having come to Washington from St. Paul's Methodist Church in Houston, Texas.

The climax of the commencement exercises will come at 4:30 P. M. when the largest graduating class in the history of the Seminary will receive degrees. These exercises will be held in Baker Chapel of Western Maryland College. The Academic Procession will form at the Seinary at 4:00 and will proceed to the chapel through the lovely grounds of the Seminary and College. The service will be in charge of President Welliver and will include special music by the Seminary Singers.

The address to the graduates will be given by Bishop Lloyd C. Wicke, D.D., Ph.D., Resident Bishop of the Pittsburgh Area which includes parts of Pennsylvania and West Virginia. Bishop Wicke, as head of some twenty-five hundred Methodist churches, has rendered significant and outstanding service to the church. Elected to the Episcopacy in 1948, he is already recognized as one of the leaders in the Council of Bishops.

The present graduating class will enter the ministry of the Methodist Church and will serve in a wide area and in diverse activities. One student, Benjamin M. Nilagjai, who completed work for a degree in September, has returned to his native India and is now Superintendent of the Belgaum District of the Bombay Province. Another, Roland Kircher, is a native of Germany. Following a period of five years spent in the German army, he attended Eberhard Ludwig College and Erlangen University. He came to the United States in 1948, has taken out his first citizenship papers, and is a Local Preacher of the Methodist Church. At least one graduate, Chester G. Steyer, will enter the chaplaincy of the United States Army, while the remainder will be scattered throughout Maryland, Delaware, Pennsylvania, West Virginia, Virginia, and Kentucky.

Carroll Red Cross Chapter Needs Many Volunteers

The Carroll County Chapter of American Red Cross has been asked to assume responsibility for recruiting and training volunteers to assist Civil Defense of evacuees in the event of a major disaster in Baltimore. In addition, trained volunteers are needed to assist the Blood procurement program here by feeding donors and workers assisting with the Bloodmobile, keeping records of donors and driving them, when necessary, to the Bloodmobile.

To do this job Carroll County Red Cross has been expanding its program particularly in the field of Volunteer Services for the past few months, and now makes its appeal throughout the county. The Volunteer Services Department, in the Chapter Headquarters at 206 East Main street, Westminster, is calling particularly for Canteen workers, Staff Aides (volunteers with some office experience) and Motor Service (drivers.)

Classes in Canteen Services must be undertaken immediately in order to be ready to prepare and serve food for the Bloodmobile and for other regular and occasional Chapter and community services—including the general Disaster readiness program for mass or group feeding as the occasion demands. This course requires a ten hour period of training, plus a two hour lecture called "Introduction to Red Cross". Canteen workers are required to give 25 hours of service during a year, on the basis of service once every two months on call by the Chapter Headquarters.

KIWANIS ANTIQUES SHOW SCHEDULED FOR MAY 23-26

The fifth annual Antiques Show sponsored by the Westminster Kiwanis Club will be held in the State Armory, May 23, 24, 25, and 26. The show and sale will be open to the public from 12:30 to 10:30 P. M. daily.

Community Mourns The Death of Walter H. Davis

Although in declining health for some months, the death of Walter Hyatt Davis, at his home, 112 East Main Street, on Saturday, May 5, 1951, at 5 o'clock in the evening, cast a shadow of sadness over this community. Mr. Davis, known far and wide for his local benefactions, was recognized as Westminster's leading citizen, always interested in the welfare of the city and its citizens.

Walter H. Davis

Walter H. Davis was a son of the late Franklin H. and Rebecca Coblenz Davis, of Middletown, Md. He was born May 25, 1873, and was aged 77 years.

In January, 1949, he announced the gift of the Davis Library (in the name of himself and his wife) to the City of Westminster. He named the self-perpetuating board; purchased the former Methodist Protestant Church property, which has been converted as a library, and added to this, $250,000 in trust for the permanence of the project. Included in this gift was the Davis Building at Main and John Streets. This marked the culmination of years of planning by Mr. Davis, who was always interested in the education of others, which he never took the time to acquire in school. This coming May 25th has been set as the date for the dedication of the building when his name and that of his wife will be enshrined forever.

At the Convention of the National Association of Methodist Hospitals and Homes, held in the West in February of 1949, he was elected to the Methodist Hall of Fame in Philanthropy for his beneficence to Methodist institutions, which included at that time the Asbury Home at Gaithersburg, and the Westminster Methodist Church. He has been widely recognized in the Church for the giving of his time, talents and money. He had provided $50,000 for the church building fund of the Westminster church as well as other substantial cash gifts.

He was lay leader of the Westminster church for many years; served as treasurer of the Board of Trustees; represented the church at the Annual Conferences; was a member of the Official Board; headed the Cassell Home Board until its consolidation with the Asbury Methodist Home. At the time of his death he was president of the Asbury board.

On March 20 of last year, Western Maryland College announced the gift of $256,000, the largest in the school's history, from Mr. and Mrs. Davis; this fund to be used for library purposes at the college. This gift, which included the J. C. Penney Building, and securities, will provide for the Hill the Davis Memorial Library.

Mr. Davis has been a member of the Board of Trustees of the college since 1944, and served on the building and grounds committee. Mrs. Davis is a graduate of the college, class of 1900.

At 12 years of age he quit school and went to work for John Hendrickson at Frederick as a bundle boy, later going with A. M. Landaur & Co., also of Frederick. The Ramsburg Carriage Works called the youth at which place he completed his apprenticeship. He left Frederick and came with Herr Brothers, here, as a journeyman trimmer.

In 1898 Mr. Davis accepted the opportunity and purchased the grocery business of Stephan Brothers, at the corner of West Main and Chapel Streets. His brother, George, came into the business the following year, but remained only a short while. It was then that the W. H. Davis Co. was organized. Farm machinery and other lines of merchandise had been added to the fast growing business. More space became necessary, and the large lot to the rear of the store was used to care for the farm equipment.

Then came the automobile and in 1910 Mr. Davis took on the agency

Subscription may be secured only during the Campaign Week which will close promptly at 6 o'clock, Saturday evening, May 19.

Campaign workers for the Association are recruited throughout the county, and all communities are represented. An equally worthwhile season is promised for the 1951-52 season.

THE WASHINGTON Merry-Go-Round

By DREW PEARSON

GOP Strategy

At an all-day Republican senatorial strategy meeting, the big GOP guns warned against tieing the Republican party too closely to MacArthur's kite.

One of those who led the warning was Senator Taft, whose friends have been worried that MacArthur might crowd him as the GOP presidential candidate in 1952.

"We don't know what MacArthur is going to say when he gets here," Taft told the strategy meeting. "As a political party we should keep out of this."

Senator Millikin of Colorado chimed in that occasionally past "conquering heroes" had come home and put their feet in their mouths. He recalled that Admiral Dewey, the conqueror of Manila, got a hero's reception and was presented with a free house, then transferred the house to his wife. Millikin also cited Charles Lindberg, who came home to a hero's welcome and later made some remarks that offended religious groups.

However, the sharpest Republican fire was concentrated on Senator Cain of Washington for putting the Republican party on the spot with his resolution declaring war on China.

Senator Wherry of Nebraska, who has been Secretary of State Acheson's bitter foe, actually snorted: "As far as the Cain resolution is concerned, I am on Acheson's side."

Senator Young of North Dakota warned that declaring war on China would do "more damage than anything that has happened in the Republican party in five years."

Cain Argues

However, Cain tried to defend his position by arguing that his real purpose was to "pin this war on Truman as Truman's war."

He pointed out that the President in his April 11 speech mentioned war 21 times. However, Cain's colleagues failed to follow his reasoning.

In the end, Cain insisted that he had promised to introduce the resolution and intended to go through with it. However, he agreed to make a statement that his only purpose was to focus attention on the China issue, since Truman had already got the country into war.

The most explosive outburst of the closed-door meeting came from Indiana's wild Senator *Jenner*. He was *spurred out of* his seat by a remark from Senator Taft that "no responsible Republican senator would advocate impeachment."

To this Jenner shouted angrily: "I may not be part of the responsible Republican leadership, but I have my own opinion."

He demanded immediate impeachment of President Truman and used considerable profanity in demanding it.

Senator Ecton of Montana tried to soothe Jenner by explaining that it was up to the house to bring impeachment proceedings and the senate was supposed to act as a jury. Ecton cautioned that it would be improper for a senator who was supposed to sit on the jury to express advance opinions about impeachment.

Beating Enlisted Men

It has been hushed up by the navy, but the Norfolk, Va., shore patrol has been officially accused of kicking and beating servicemen and throwing them into the brig without their shoes.

These shocking charges were made in a confidential report by Rear Adm. F. N. Kivette, who was skipper of the aircraft carrier Midway until his promotion to admiral last month.

Kivette ordered his own investigation of the Norfolk shore patrol and sent a sharp report to the navy, charging that the Norfolk SP's were "arrogant, dictatorial, arbitrary, sometimes abusive and occasionally brutal."

Kivette's investigation was conducted by Ensign Robert E. Kenyon.

Commenting upon his subordinate's report, Admiral Kivette declared: "I believe these to be true and not isolated cases."

The admiral also added: "The very few but brief reports I have had concerning the condition of the shore patrol brig are calculated to induce nausea without a visual inspection."

Merry-Go-Round

Marriner Eccles, who has threatened to resign from the federal reserve board several times, now tells friends he has definitely made up his mind to leave the board on June 1. (A mistake—the government already is painfully short of good men.) ... Al Hayes, president of the Machinists Union, is talking to other labor chiefs about publishing a daily labor newspaper. Jointly sponsored by the AFL and CIO, it would present the trade-union viewpoint on national issues.

Senator H. R. O'Conor Pays Surprise Visit With Kiwanis Club

Senator Herbert R. O'Conor paid a surprise visit to the Kiwanis Club of Westminster on Tuesday night. He was accompanied by Truman B. Cash, a member of the local organization, who invited him to make a few remarks. The Senator commented briefly on the Washington situation. He stated that there are thousands of aliens at large in this country who have entered illegally. A great many of whom, in his opinion, are engaged in criminal and subversive activities. The Senator indicated that he was interested in sponsoring legislation to meet this problem. He also advised that he has obtained actual proof that considerable quantities of strategic war-time materials are being supplied the Soviet Union by our Allies, a situation which he considers inexcusable. Senator O'Conor is the newly appointed Chairman of the Senate Crime Investigating Committee and Maryland's Senior Senator. He was enthusiastically received by his audience who was most agreeably surprised when he put in an appearance.

The meeting was in charge of Harry Ditman, Vice-President of the Club.

THE ROUND-UP...

Charles E. Wilson, director of the United States Office of Defense Mobilization has this to say: "By the end of 1951, defense goods will be rolling off United States production lines at the rate of nearly $4,000,000,000 each month. The present production has reached $2,000,000,000 a month. He had previously stated that this country and its European and American Allies will by 1953, have reached a point of strength "which will be such as to deter any potential aggressor." Mr. Wilson did not say that a *potential* enemy would set back on its haunches, and wait until all the rest of the Allied world was ready. . . . Do you realize that motorists of Maryland are paying out 65 cents in taxes each time they load up with ten gallons of gasoline. . . . "Internal bickering" was the cause given by President O'Kelly for dissolving the Irish Dail (Parliament). Election has been set for May 30. It's another case of Costello vs de Valera (the latter an American born Irishman). . . . Noted this headline in one of our Metropolitan dailies—"Garden Tool Metals March Off to War." . . . From Washington comes word that an increase of nearly a man a minute in the Armed forces civilian payrolls, has been made in the past twelve months — 1,744,525 men are now employees. . . . May 20 will be a "celebration day" in—well, Merry England will once again be a bit more cheerful. Bacon rations are to increased to five ounces per week, rationing authorities have admitted. . . . Saw a youngster the other day all "duded" out in Gene Autry and Hopalong Cassidy, attire. Did note however, there was still room for a bit of tattooing. . . . French general elections are drawing near, and in it observers, French and foreign, can see open clashes coming between the up and rising Gaullists and members of the Communist party. De Gaulle is pulling them from the farms, the shops, the artisans, the white collar classes; it looks as though the middle class party will be the de Gaulle party, and he bitterly opposes Communism. . . . I believe it was Lincoln who said "The people are the rightful masters of both Congresses and Courts, not to overthrow the Constitution, but to overthrow the men who pervert the Constitution." . . . Spain is becoming more impoverished as days pass by. Unrest grows equally fast. Strikes take their toll of efficiency and adds to the growing nervousness across the nation. This all marks a threat to the Franco government, to which the U. S. has become generous — recently. The black, (and tourist call it—black) market is part and parcel of the threat. The situation has taken on a political angle which will bear watching. . . . A foreigner visiting this country for the first time was taken by surprise when he found leaves growing on our trees. It is said he went home disgusted. . . . The size of the Communist Party in America is relatively unimportant because of the iron-clad discipline under which it operates, says J. Edgar Hoover, Chief of the FBI. In this connection it might be of interest to observe that in 1917, when the Communists overthrew the Russian Government, there was one Communist for every 2,277 persons in Russia. In the United States today there is one Communist for every 1,814 persons and ten to twenty fellow-fronters to the same number of persons. . . . I still don't understand fully just why our State Department informed the India Embassy at Washington of MacArthur's removal from his commands in Korea, more than an hour ahead of informing the citizens of our land. Mr. Truman knew that India's Nehru would be delighted.

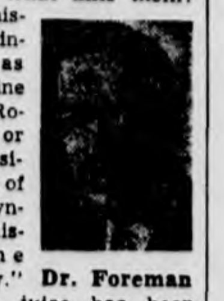
How Nations Decay

Lesson for May 13, 1951

"THE mortality rate of nations is 100%." So Dr. T. W. Lingle used to put the fact that no nation yet has lived forever. They all die sooner or later. What kills them? The student of history may delve into such books as Gibbon's "Decline and Fall of the Roman Empire" or Spengler's pessimistic "Decline of the West", or Toynbee's more optimistic six-volume "Study of History."



Dr. Foreman

But when the juice has been squeezed out of these learned and interesting volumes, the Truth's essence turns out to be much the same as what we can find by reading the Old Testament. True, the nations under the Old Testament lens are not big empires like Rome, still less like the British Empire; the kingdom of Israel was only about 100 miles long and 60 miles wide, while the kingdom of Judah was smaller than many an American county.

• • •

Promise

WHEN Solomon died, the kingdom he had inherited from David had already shrunk. After his death, what was left immediately split into two kingdoms, the one on the south called Judah and the one in the north called Israel.

The nation of Israel, which lasted more than 200 years, began with great promise. Indeed, one of God's prophets (I Kings II) had given to Jeroboam, the first king, the same promise which had been given David, of an enduring kingdom on condition of obedience to God.

Everything seemed to be favorable. Israel had more territory than most of her neighbors had, a far more productive soil, and easy access to transportation.

• • •

Crash

ISRAEL should have succeeded; but it failed. Only a little more than 200 years afterwards, no very great age as nations go, it crashed completely, never to rise again. When the walls of its "impregnable" capital city of Samaria, after a two-year siege, fell to the battering-rams of the Assyrian army, and over 27,000 leading citizens were deported, that was the end of Israel for good and all.

How did this happen?

The Hebrew historian ties everything into a few words when he says that they wrought wicked things . . . they rejected God's statutes . . . they served idols.

But what were the details? What, in particular, did the nation of Israel do that was wicked?

Reading the prophet Amos will give many of the answers. At the time he preached, by all chamber-of-commerce standards Israel was at the peak of production and prosperity. But he foresaw doom around the corner, and he gave reasons. He called a spade a spade. Reading him, or even reading the balder accounts in Kings, we can see the collapse was no mystery.

• • •

Other Gods

ONE thing fundamentally wrong with Israel was idolatry. This was not the simple matter of making carved images; it meant taking some other "god" to be the true God.

We know what the religions of Chemish and Molech and Baal were like; they were thoroughly bad. In the law of the true God, life and purity were regarded as sacred; life and purity under these other gods were held cheap. But one can see from reading Amos that what the people of Israel really worshipped was still another idol to whom no statue was erected: their own pleasures.

Too many citizens didn't care what happened to the country, so long as they could get their liquor. Well, let us not read the Old Testament from mere curiosity. What about our own nation, our own people and times? The United Stewardship Council (now the Joint Department of Stewardship of the National Council of the Churches of Christ in the U. S. A.) reports that every year since 1934, excepting 1936, has shown an increase in giving through the churches.

But—the percent of this increase is not so large as the increase of annual income. The increase for contributions through the church of God is less, far less, than the increase in spending for alcoholic liquors, soft drinks, candy, football games, jewelry, and a multitude of other things. We, like Israel, are putting God last!

Community Mourns The Death Of Walter H. Davis

(Continued from page one)

for the Stephens Duryea car. Then followed the "EMF" (Metzger), later the "Flanders" and in 1920 the Buick. By virtue of his association with the auto industry for over 55 years, he was a member of the "Old Timers" of New York City. In 1938, K. Ray Hollinger of Baltimore became associated with Mr. Davis, and incorporation papers were taken out.

Mr. Davis erected the Davis building in 1923, the J. C. Penney building in 1929, and in 1930 the Woodward building, now occupied by the Buick agency. This latter building was purchased by Mr. Hollinger in 1944.

He had served the city as councilman for several terms and on the death in 1938 of George E. Matthews, he automatically became the city's mayor and served out the unexpired term.

Mr. Davis was a member of the Westminster Rotary Club, Charity Lodge, No. 58, Knights of Pythias; Door-to-Virtue Lodge, A. F. and A. M., and the Shriners. He served on the advisory board of the War Memorial Committee and was a member of the Westminster Forest and Stream Club. He had been honored by the Chamber of Commerce with Westminster's "Outstanding Citizenship" award; and was recently honored by Rotary with a life-time membership certificate. The B. F. Shriver Co. had him as a member of their Board of Directors, and he served the Carroll County National Bank in a similar capacity.

Mr. Davis was twice married. His first wife was the late Margaret Huber Davis. His second wife, who survives him, was the former Miss Elizabeth Roberts, of Medford, and a member of a prominent Carroll County family. She made her home in Kensington before her marriage to Mr. Davis. Also surviving are two brothers and six sisters, Edgar R. Davis, Atlanta, Ga.; Joseph C. Davis, Pikesville; Mrs. Gilmore Flautt, Mrs. Mary Fox, Mrs. Annie Daniels and Mrs. G. C. Roser, Frederick; Mrs. Leslie Shafer, Middletown, and Mrs. B. A. H. Brust, Rocky Ridge, Md.

The body was removed to the Westminster Methodist Church on Tuesday morning at 11 o'clock, where the body lay in state until the hour of service at 2 P. M. The Rev. Eugene C. Woodward, his pastor, and the Rev. Dr. Lowell S. Ensor, a former pastor, and now president of Western Maryland College, were the officiating clergymen. Mrs. Mary Test Kimmey presided at the organ. Interment was in the Westminster Cemetery.

The bearers were: Dr. James T. Marsh, Dr. Theodore Woodward, William G. Heagy, James M. Shriver, Norman B. Boyle, K. Ray Hollinger, Kenneth L. Bohn, and Carroll L. Crawford.

F. A. Sharrer & Son, funeral directors.

Trenton To Bring National Stars To Westminster

When the Trenton Softball Club invades Westminster on May 30th to play the Carroll County All-Stars, they will have on their roster at least four players of national prominence.

Perhaps the strongest selling point of this ball club, over the past decade, has been its well-manned pitching staff. Veterans on this staff are Frank Taylor and Jack "Cannonball" Smith.

Frank Taylor formerly pitched in St. Louis, Missouri, where he had a record of 400 wins against 40 losses. He has participated in six national tournaments, including last year's in Austin, Texas, and since coming to Baltimore has been active in promoting good softball. Frank also swings a mean bat and takes an occasional fling in the outfield.

Jack Smith started his softball playing in Washington, D. C. Smith has also been in six national tournaments and has a national record of six wins and six losses. He has been nicknamed "Cannonball" because of his rifle-like delivery.

The most recent addition to this "deadly duo" has been Gibby Wesolowski, who formerly pitched for the Detroit Briggs powerhouse softball team. Gibby played in four national tournaments, for which he has a record of seven wins and three losses. Wesolowski has also pitched two no hitters in national competition, one in 1948 and one in the 1950 contest.

Catching these three top notch tossers will be Vernon Seibert, former star half-back on the U. of Maryland football team. Vernon, who played the 1947 and 49 Gator Bowl in Florida, is reputed to be a good hitter and a dangerous man on the basepaths.

The managers of the Westminster League teams will meet on Friday, May 18th, to pick a team that will endeavor to knock over the east coast champs, Decoration Day, at 7 P. M., on the Westminster Municipal Playground.

County-Wide P.-T.A. Hears Jos. Hunter

The regular meeting of the Carroll County Council of Parent-Teacher Associations was held in the Westminster High school at 7:30 P. M. on April 30, with Earl Spahr, County President, presiding. The music program was given by the Westminster High School orchestra and the invocation by Rev. E. C. Soper of New Windsor. Group singing was led by Mrs. Estella Yingling of Taneytown. The business included the reading of the minutes of the last meeting, the reading of the treasurer's report and a report of the nominating committee who presented the following slate of officers: President, Earle Spahr, of Hampstead; vice-president, Mrs. Victor Ruby, Sykesville; the representatives of School Principals, Jesse Starkey, Union Bridge, and Ralph Yealy, Mechanicsville; secretary, Allen Wagaman, of Westminster; treasurer, Mrs. William R. Rodington.

The attention of the group was called to a conference of the Maryland Congress to be held at College Park on July 8, 9, 10, 11. The hope was expressed that all of the P.-T.A. groups in the county would be represented. The group approved the new by-laws which had been prepared under the direction of a committee headed by Dr. Dewees Summers of the Westminster P.-T.A. group.

The program included a round table discussion under the direction of the president of the Dundalk Parent-Teacher Association, Joseph Hunter, on the topic "Our P.-T.A.'s, Do They Suit You?" This discussion was very helpful to the representatives of the local groups. Mr. Hunter gave much information related to the school program throughout the State.

Representatives of the local associations expressed much interest in the Council and its activities. Brief remarks were made by county superintendent S. M. Jenness in connection with problems confronting the county school authorities with respect to the securing of qualified teachers and the continuance of the needed building program. This report of the local associations was requested by the superintendent with the object of maintaining good teachers in the county and continuing with the building program.

Down the Line with Johnny Bell

The big "operation"

The first large-scale demonstration of television in full color took place in an Atlantic City hospital operating room recently. In a hall half a mile away, doctors attending the American Medical Association convention watched details of an operation for appendicitis. The transmission, handled by the Bell System's technicians, beamed the pictures through the air by microwave radio.

Help yourself to better telephone service

When you have a number of calls to make, it's a good idea to spread them out, so that others on your line can use their telephones in the intervals. It works to your advantage, too, for it gives others a chance to reach you . . . often with calls you wouldn't want to miss. Friendly sharing of the line makes party-line service better for everybody concerned.

Give them time to answer

People you call can't always answer the telephone instantly. So it's a good idea not to hang up too soon—give them a chance to answer. When *your* telephone rings, answer it promptly. Patience when calling, promptness when called—a good rule to avoid the loss of important calls!

ALWAYS BE CAREFUL DRIVING

The difference goes more than Skin-Deep

Nobody wonders what you're driving when you roll by in this one.

In the 1951 line-up, its brand-new front-end styling stands out with a beauty all its own.

You're the proud owner of a Buick—and the whole world knows it.

But you—at the wheel—enjoy a long list of differences that go far deeper than looks.

The ride is different—level and true. You sit the road with special assurance—because Buick's torque-tube drive keeps rear wheels firmly aligned—soft coil springs on all four wheels soak up the bumps and bobbles—honest weight keeps you on a steady keel.

The power is different—eager and sure. Buick's high-compression Fireball engine does wonders with fuel—and no matter what you demand in emergency, there's horsepower to spare.

Handling is different—this car seems to steer itself on straightaway or curve—and swings lightly into parking spots inches shorter than you'd think you need.

Capping it all, there's the silken versatility of Dynaflow Drive,* that takes all the tenseness out of driving—responds to your slightest wish with a surging swoop of power.

No doubt about it, what you get in a Buick is far more than just a new car—it's a whole new experience in getting pleasurably from here to there.

So why not explore this difference? Come, take a Buick over and find out how very much satisfaction smart money can buy.

Equipment, accessories, trim and models are subject to change without notice.

"Smart Buy's Buick"

No other car provides all this:

DYNAFLOW DRIVE* • FIREBALL POWER
4-WHEEL COIL SPRINGING • DUAL VENTILATION
PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
